PARA TODA LA VIDA – El Sueño de Morfeo

Si fueras una luz en el cielo
Dejarías en el paro al sol
Si fueras una luz en el cielo

If you were a light in the sky
You would leave the sun unemployed
If you were a light in the sky

Si fueras como el viento en la arena
Llegarías hasta el corazón
Quien se esconde como yo

If you were like the wind in the sand
You would arrive right the heart
That hides like me

Si fueras solo la mitad
Me sobraría otra mitad
Cuesta creer, que eres de verdad

If you were only the half
Would exceed me another half
It's hard to believe that you are real

**Y si fueras para toda la vida
Si tu fueras para toda la vida
Yo sería la persona más feliz
Te quiero para toda la vida
Yo te quiero para toda la vida
Yo sería la persona más feliz**

**And if you were for all the life
If you were for all the life
I would be the happiest person
I love you for all the life
I love you for all the life
I would be the happiest person**

Si fueras una gota de agua
Nadie volvería a tener sed
Si fueras una gota de agua

If you were a water drop
Nobody would be thirsty again
If you were a water drop

Si fueras tan solo palabras
Serías la mas bella canción
Escrita nunca por amor

If you were only words
You would be the most beautiful song
Written never by love

Si fueras solo la mitad
Me sobraría otra mitad
Cuesta creer, que eres de verdad

If you were only the half
Would exceed me another half
It's hard to believe that you are real

**Y si fueras para toda la vida
Si tu fueras para toda la vida
Yo sería la persona más feliz
Te quiero para toda la vida
Yo te quiero para toda la vida
Yo sería la persona más feliz [x2]**

**And if you were for all the life
If you were for all the life
I would be the happiest person
I love you for all the life
I love you for all the life
I would be the happiest person [x2]**

Para toda la vida
Si tú fueras para toda la vida
Para toda la vida
Yo te quiero
Para toda la vida

For all the life
If you were for all the life
For all the life
I love you
For all the life
