

Workflow process

Here's a concise description of our project that highlights how we are willing to work

Conclusion

Students will creat a video to sum up all the project

FUNNY MOMENTS

March-May 2025

Students will write a humorous essay along with light-hearted pieces about their favorite places

WRITING TOGETHER 2.0

January-February 2025

Building on the previous step, students will collaboratively create a more complex story, focusing on character development and atmospheric descriptions. A video meeting will be held to present their works..

WRITING TOGETHER

November- December 2024

Students work together to write short simple stories. Each international group is in charge of finding the best solution to fulfill the task

SELF PRESENTATION

October 2024

Each group of students from different countries work on their sel presentation which will be presented in the first online meeting.

SETTING UP THE PROJECTS

August-September 2024

Teachers meet online to discuss the key steps of the project and collaborate to outline the most suitable approach..
